How are you getting along with your gift-buying?
Happy tack, ten't it-planning to make others happy?
You are courting disappointment and dissatisfaction, though, in delay. The stock NOW is in order—we know just where to put our hands on everything. But the great army of aboppers is being recruited every day—and as the fleeting hours bridge the time to Christmas our facilities will be taxed to their utmost.
We seem to have gathered sround us a collection of presentable things that "side" with everybody's notion. We thought we were drawing from the right fountain. How are you getting along with your gift-buying

fountain.

Now, herather you may not have settled upon what
to give don't stay away. Two heads are better than
one—and we can help you out. What we have bought
to sell is like a series of suggestions to you. It will do
you good to real about them. More good to see them.
They are all serviceable—and sensible for it.

THE CLOSE PROXIMITY OF THE SO cial season, with its innumerable receptions and balls

cial season, with its innumerable receptions and balls, serves to accelerate the movements of society people at the capital just now. Such things as ball dresses and reception cowns form the chief topic of interest among the feminine sex, and a vast amount of preparation is urder way. Much difficulty has been experienced in years past in obtaining Shoes and Slippers to match some fancied color in dress fabric, but, with the advent of the enterprising shoe firm of Messrs. WILSON & CARR of 820 F street northwest this difficulty has entirely disappeared. Ladles who formerly sent their orders to New York for particular fancies in footwear would smile at such an idea now, for their experience of last winter has taught them that better satisfaction may be had right here at home. Messrs. WILSON & CARR make a specialty of Fancy Shoes and Slippers, and are the only firm in Washington who carry a sock of tease recoke worthy the name. Their manufacturing facilities are perfect, and any special coloring not facilities are perfect, and any special coloring not found in stock can be made and delivered to your spe-cial order in forty-eight hours if necessary. Don't hopet this.

(ALL THIS WEEK.)

Never before have you had such an opportunity of buying goods at the prices mentioned below. The only cause for the reductions is to induce you to buy now, so as not to crowd your shopping into one week. You know what STAR PRICES usually meanbut STAR PRICES at this time of the year have a double significance, for cut prices on Holiday Goods at such a near proximity to Christmas means many an extra dollar saved to you.

Give suitable presents. You will find it more appreciative than a useless fancy article. What better than a book. We have a variety not equaled by any store in or around Washinston, and at prices that will start you thinking as to how such books can be printed for the money. There are other things here just as sensible-Umbrellas, Handkerchiefs, Gloves, Furs. Hosiery, Cloaks, Dress Goods, Curtains, Aprons, &c. If you can't find what you want it's your fault-not ours.

BOOK DEPARTMENT. Our BOOK DEPARTMENT is ranked among the largest in the United States. There are very few dry goods stores (none in Washington) that carry the assortment and sell the quantity of Books which we do. We do not carry only a handful of juveniles or a special line of Books for the houlday trade, but we can turnish you with any book published, either standard works, new publications, scientific or law books, AND REMEMBER that any book we sell you we gharantee to be lower than either the published price or the price of any one else who sells Books in Washington. Take a look through our Book Department. If you have never been there we will surprise you.
